INVISIBLE MENDING TAPE

PRODUCT DESCRIPTION

Prescription label protection and overlamination are crucial for ensuring the durability and legibility of important information. This translucent, frosty-white polypropylene film is specially treated with a matte finish and solvent-based acrylic adhesive for a secure hold. The non-glare surface is perfect for bar code applications and electronic scanning. This office supply tape is designed for easy write-on capabilities, making it a versatile and essential tool for any professional setting.

PHYSICAL PROPERTIES

Core I.D.:	3" neutral core

STANDARD WIDTHS

18 mm

STANDARD LENGTHS

66 metres

RECOMMENDED STORAGE CONDITIONS

The product should be stored at room temperature and be kept away from wet and/or heat source.

The above properties and results obtained refer to the average values of laboratory testing carried out on the sample Lowry® product. Lowry® does not guarantee testing accuracy and makes no guarantee of product performance, safety, or suitability, either expressed or implied, when used alone or in combination with other products. It is essential as with all pressure sensitive tapes, that the surface to which the tape is applied must be clean, dry, and free of grease and oil. Lowry® strongly urges users to undertake independent testing in order to verify the suitability of the product for whatever intended use. Lowry® assumes no responsibility for any damage or injury sustained as a result of the use of its products.
